--	----

## fini

Wright & Brown rum comes from one of our favorite small batch distillers in West Oakland. Their dedication is evident in that they are mashing, fermenting, distilling, aging on site. This Single Barrel Selection rum is made from 100% Blackstrap molasses, distilled in American copper pot stills, aged two years in Limousin oak and finished in a brandy barrel. Done in a Caribbean style, there are prevalent notes of earth, heavily tanned leather, tobacco and roasted fruits.	18
